

### Instructions on measuring for a custom show halter

**Step 1:** Measure cheek (A) leather between ovals, do not include ovals in measurement

**Step 2:** Measure nose band over bridge (B) between ovals, do not include ovals in measurement

**Step 3:** Measure crown piece over top (C) between ovals, do not include ovals in measurement

**Step 4:** Measure throat piece (D) from end to end between ovals, do not include ovals in measurement.

**Hint:** place a piece of string from one end of throat piece to the other following the contour. Cut string where throat piece ends, lay flat to measure.
